Dear Mr. Roman:

This letter is to acknowledge receipt of your letter dated January 16, 1985, indicating your compliance program for RCRA deficiencies cited during my inspection on December 18, 1984. I consider the copies of the manifests that you provided adequate to demonstrate that you have disposed of the drums that were stored for more than 90 days as stated in item 1 of my letter dated December 26, 1984.

During a January 18, 1985 meeting between Ray Gryniewicz of your company and myself, it was agreed that you would provide the following documentation to this office by ~~March 31, 1985~~.

1. A copy of your hazardous waste collection, identification, labeling, storage, shipping, and monitoring procedure that you indicated was recently revised. (See violation #1 of your January 16, 1985 letter.)
2. A copy of your revised system of personnel training documentation. (See violation #'s 2,3, and 4.)
3. A copy from the log book for the initial documentation of the testing and maintenance of facility alarm systems, fire protection equipment, and spill and decontamination equipment. (See violation #5.)
4. A copy of the letters that transmitted the revised contingency plan to local agencies. (See suggestion #6.)

If you have any questions regarding this matter, please feel free to contact me at (313) 459-9180.

Sincerely,

Kenneth L. Damrel
